

California Deer Association

2018 Request for Proposal

Appendix B

RANKING CRITERIA

1. Habitat Project Criteria

- Will the project produce recognizable results with a high probability of success
- Does the Project address the limiting factors for the herd(s)
- Are there cost share dollars available from other sources (In-kind; currently funded; applied for)
- Will the project have high visibility and provide recognition for CDA
- Will the project benefit a herd that provides public access and hunting
- Is the project mentioned, either specifically or generally, in the appropriate deer herd management plan

2. Land Acquisition and Conservation Easements

- Subject Property contingent to Public Land or used by deer herds migrating to public domain
- Acreage affected and deer population estimates
- Encroachment threat
- Long term plan for management and costs of up-keep

3. Research Projects

- Does the project have reasonable potential to provide information that will affect land use or management programs
- Does the information gathered have statewide implications
- Are there cost share dollars available from other sources (In-kind; currently funded; applied for)
- Is there a high probability of success
- Does the project address the limiting factors for the herd(s)
- Does the project have general appeal/application with a high visibility and provide recognition for CDA
- As a result, will there be a follow up project to implement "on the ground" work to address the results of the research project

4. Equipment Requests

- Does the purchase and use of this equipment significantly increase research or habitat potential in a given area
- Does this equipment have statewide use
- Are there cost share dollars available from other sources (currently funded; applied for; in-kind)
- What is the expected useful life of the equipment
- Does the use of this equipment address the limiting factors for the herd(s)

5. Public Education/Outreach

- Does the project have general appeal/application
- Are there cost share dollars available from other sources (currently funded; in-kind; applied for)
- Will the project have high visibility and provide recognition for the CDA
- Will the project/information encourage and promote public awareness of California Deer issues
